

Project Spotlight

NAFCO Seafood Warehouse Jessup, MD

Cold Storage with mobile racking - SFRC ground bearing
Freeplan® 'jointless' floor slab

Based in Jessup, MD for over 30 years, NAFCO Stanley Pearlman Enterprises, Inc provides safe, sustainable, quality seafood to retailers across the country.

The construction of a new 60,000 sq ft cold storage freezer and distribution facility adjacent to their current headquarters will enable them to service more clients. A reliable floor requiring minimal maintenance is crucial to maintaining their production efficiency.

The floor slab of this new facility was poured in February of 2020 and was designed to accommodate a complex mobile racking system designed and installed by Flexspace. Twintec's unique design was customized to NAFCO's individual needs to accommodate this dynamic and dense mobile racking system as well as hold up against the heavy wear and tear of forklift traffic.

Project Data

End User:	NAFCO	Slab Depth:	8.5" thick
Main Contractor:	ARCO	Fibre Type:	AFT 1/50
	Design/Build	Fibre Dosage:	66 lbs/yd ³
Area:	60,000 ft ²	Completion Date:	Feb 2020
Pour Days:	4		

Project Spotlight

Twintec is unique worldwide in offering a total responsibility package of Design-Build-Guarantee.

Design

Twintec is a leading specialty concrete engineering and install firm in the USA. At Twintec, we believe our in-house engineering expertise goes a long way in assisting our clients. Twintec has developed the most advanced methods to design structural concrete bodies as applied to both jointfree, reinforced flooring systems and structural flat concrete bodies.

Build

Twintec provides state-of-the-art install operations. Twintec USA crews are professionally trained to the global Twintec standards in terms of safety, quality, and operational excellence.

Guarantee

Twintec provides a unique 5-year guarantee on their finished FREEPLAN products and design-build services.
